**Subject:** Microsoft Settlement

To Whom it May Concern:

I believe the current settlement agreement between Microsoft and the U.S. Justice Dept.

is fair and just for the American consumer and Microsoft Company. I believe one of the main objectives of the U.S. Justice Dept. is to review policy of any company or persons doing business in the United States with the purpose to protect the American consumer against unfair trade or fraud. The current settlement with its required set conditions for the Microsoft Company meets the above objectives. Any revision as requested by those States and/or Company not in agreement would send the balance of the scale to one side, thus causing an unfair condition to the American consumer.

Sincerely,

Donald A. McMahon
